

### Vehicle

<u>ID</u>	<u>VIN</u>	LICENSE_PLATE
-----------	------------	---------------

### Dealership

V_ID	Name	City	State	Zipcode	Date_Performed	Service_Type
------	------	------	-------	---------	----------------	--------------

### Cost

V_ID	Labor	Parts	Misc.	Parking	Total
------	-------	-------	-------	---------	-------

### Service Type

S_ID	S_Name
------	--------

Every VIN number will have a V\_ID that will be referenced by the dealership entity and cost entity. This is to allow for vehicles to have more than one service be shown. The service ID will be used to separate the different services done by the dealership.
